An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Naylor on 9/28/04.

The application has been amended as follows:

In claim 1 line 11, please delete 'nanotubes.' and insert instead

-- nanotubes, and iii) recovering said nanotubes --.

In claim 8 line 7, please delete 'of said nanotubes.' and insert instead

-- of said nanotubes, and recovering said nanotubes. -- .

It is noted that the basic process of steam reforming and the Fisher-Tropsh processes suggested in the independent claims do not recover nanotubes.
